

Regulatory Statement

REGULATORY STATEMENT NUMBER:	21-009
TITLE:	Net Cumulative Cash Flow (“NCCF”)
LEGISLATION:	Financial Institutions Act
RELATED FORMS:	NCCF Template and Reporting Instructions
DATE:	June 3, 2021
DISTRIBUTION:	B.C. Credit Unions

PURPOSE

This Regulatory Statement informs B.C. credit unions¹ of the requirement to complete and file the Net Cumulative Cash Flow (“NCCF”) with the Superintendent of Financial Institutions at BC Financial Services Authority (“BCFSA”), as required by the *Financial Institutions Act* (“FIA”).

Effective October 2021, this Regulatory Statement (including the NCCF template and reporting instructions) replaces the current NCCF reporting requirements. Selected B.C. credit unions (based on credit union size) are required to complete and file the NCCF (using the attached NCCF template and reporting instructions) beginning with the December 2021 reporting period.

BACKGROUND INFORMATION

In addition to the adequate liquid assets requirement in FIA Section 67, BCFSA has implemented other risk-based liquidity reporting requirements and supervisory monitoring tools for credit unions, such as the NCCF. These additional liquidity reporting requirements align with international liquidity reporting standards issued by the Basel Committee on Banking Supervision but consider the unique characteristics of the B.C. credit union system.

LEGISLATION

FIA Section 127(3) states, “At intervals specified by the superintendent, a financial institution must file with the superintendent one or more of the following reports as specified, and in the form established, by the superintendent:

- (a) a financial affairs report;

¹ Excluding central credit unions

- (b) a market conduct practices report;
- (c) a risk management practices report;
- (d) a corporate governance report.”

REQUIREMENTS

Selected credit unions (based on credit union size) are required to file the NCCF on a quarterly basis pursuant to FIA Section 127(3)(a).

Due Dates and Frequency

Credit unions with more than \$1 billion in assets are required to submit the NCCF report quarterly within 30 days of each quarter end.

Note: The credit union’s total assets, reported in the Financial and Statistical Return (“FSR”) as at the credit union’s most recent fiscal year end, are compared to the \$1 billion in assets threshold. When the credit union crosses the threshold, it has one year to implement the requirements of its new category. For example, if the credit union’s total assets are greater than the \$1 billion threshold, as at its December 2021 fiscal year end, the credit union must submit the NCCF starting March 2023.

Completion of the NCCF

The NCCF must be prepared for the credit union on a non-consolidated basis using the reporting templates provided by BCFSa. Line numbers, fields, descriptions, or any other aspects of the templates must not be altered, and they have been locked accordingly.

The NCCF should closely reconcile to the FSR and any discrepancies should be explainable. Credit unions should refer to the FSR Reporting Instructions for further definitions and descriptions of financial statement items.

Dollar amounts must be reported in Canadian and rounded to the nearest dollar. Foreign currency amounts must be converted to the Canadian dollar equivalent at the reporting date.

Filing of the NCCF

The completed NCCF must be submitted electronically in Excel format. Technical details will be provided in advance of the October 2021 effective date.

Late Filing

Late submissions of the NCCF may result in a penalty under the FIA’s Administrative Penalties Regulation, as described in BCFSa’s Non-Compliant Filings Administrative Penalty (“NFAP”) Guideline. The NFAP Guideline is available [here](#) on BCFSa’s website. Credit unions should notify BCFSa as soon as possible of expected delays in the NCCF submissions.
